Hi Jim:

[REDACTED] are on for a motion to suppress and potential jury trial on 6/27/11. I have already received the drug packet and certs. If you can be on call for that date, I would really appreciate it. I have attached a summons with the exact information. Please feel free to contact me with any questions at 617-769-6100. Below are the lab numbers for the case.

Thanks a lot  
Laura Martin
